

Compact and flexible limit switch box
Direct mounting on actuators acc. to VDI/VDE 3845
and hole spacing 80 x 30 mm
Tightness acc. to DIN EN 60529: IP 67
Cable gland M 20 x 1,5
Sealings: TPE und NBR
And shaft heights 20 or 30 mm

Type IP = Body in polycarbonate
IP-2M01

Optional:
Solenoid valve connection
Venting screw
Different visual indicators

Technical data	
Producer	Cherry
Switch type	D44X
Voltage	24-250 V
Max. current	AC: 250 V, 10 A DC: 24 V, 2,5 A
Contacts	mechanical, silver
Temperature range	-25°C bis +80°C

Further options upon request
